THE PROCESSION DRESSES THAT YOU GIRLS ARE TALKING ABOUT WERE MADE AT LEAST THE ONES

MYSELF AND MY CLASSMATES HAD WERE MADE BY FOLDING EITHER A SHEET OR A LARGE PIECE OF WHITE MATERIAL ON THE FLOOR DRAWING A SLIT FOR THE NECK ON THE FOLD AND CUTTING BOTH SIDES TO MAKE SLEEVES THEN SEWING UP BOTH SIDES AND MAKING A SLOT AROUND THE NECK SO A RIBBON COULD BE PUT THROUGH IT..PRETTY MUCH LIKE THE THE SNOW ANGELS KIDS MAKE IN THE SNOW

Back in the 30ies my family moved to the beach. My parents had 18 children. Some one has to remember some of them. I am writing to say that there are only 3 of us still alive. There are many nieces & nephews living all over the U.S. The original survivors are all living in Florida. "South". Evelyn, Minnie & myself. Have a good day

Marie, do you remember how those dresses were made? I think the front and back were just 2 pieces joined along the shoulders with a slit for the neck and sewn down each side. Two large squares formed a sleeve.

Virginia, I remember those processions...even have

some old pictures. I remember being measured and the dress being altered in school. George was right, they were all homemade. But my Mother didn't make mine..HUMMMM I think they were made by some of the women in the parrish. I remember our little baskets with rose pedals. It was really another wonderful part of my past that GBM has brought back to mind. I wish you luck.

Thanks for your input George but It must have been in the latter part of the 1930's that I was in those processions and I know those gowns were not store bought and My mom nor I ever made one. I kind of remembering somehow we "tacked" those big squares into sleeves, but that was the extent of our sewing. Gini

Contributions seem to gone away following memory of women making their own dresses. It must be a fear of turning back the clock. One woman informed me personally that she remembered it very well, and because her mother was a good seamstress her popularity at school rose to new hemlines.

Virginia, it may have been different according to the era, but I seem to remember that it was quite a big deal because each family made their own dresses in the 40's. They may have gone to 'store bought' later, but the excitement and buzz among the girl's was right out of an Andy Hardy movie.

Revisiting this wonderful site...thanks to the creators. I am the daughter of John and Gloria Doepper of 119 Aster Ct. I have two brothers Rob and Rick. My Dad passed away in '91. My Mom is still going strong at almost 80. We had moved from the Beach in '60 to Cape Cod for the Telephone Co. I still reside there as does my Mom. My brother Rick lives in Stamford, Ct and Rob lives in Toronto, Canada. I have many fond memories of the beach, even though I was 9 when I left. Brokly/GB had a way of imprinting itself on you in a dear way...COMMUNITY. I have thought about a little friend I had back then Deborah Williams, I can't remember the street she was on. If anyone has her address I would like to contact her. Thanks. Happy 4th

of July to all. Best wishes. Oh we went to St James Lutheran. Best wishes to all.

This a.m. I had a visit from Kenny Miller, who was here to check on some maintenance for plumbing. He is married to 'Dolly', who was a good friend to my mother.

I asked Ken if he was related to the Knapp St. Miller's. He wasn't, but he knew them and he said, "one of the 'girl's' married Frank Zang". Again, what irony.

Jean and Kenney Miller were my aunt and uncle. I am the oldest son of Kenny's sister, Betty Miller. I was named after him. My Uncle Kenney passed away in 1989 and the last time I saw my Aunt Jean was at his funeral. Jean passed away several years ago. I did not find out about it until after her funeral. They had three children, 1 girl, Susan and 2 boys, James and Sandy, I have not been in touch with them since my father's funeral in 1987.

George is correct about the Manhattan Beach CALIFORNIA sunrise & sundown. He neglected to also mention that during those lovely panoramic moments, sometimes we even saw the four phases of the moon. Ahhhhhh the 1960's in Southern California, truly a time to keep in the memory locker, safely secured.

Any former 'Beachers' going to be at the Fies in West Palm Beach, on May 5th? I'm flying down to meet with my brother Jim at the event. Donny Golden, a legend of Irish dancing, is judging, as well. It will be a great chance to meet the man who bested Michael Flattley in the 'All World Championships' in Ireland.

Hope to see a few 'survivors' there!

I have asked Marret to give us a separate section on the message board for this she said she will add it for us. I also setup a private room in Paltalk where anyone interested in helping can meet, it is a voice chat that will be easier then typing and quicker. Anyone interested in a reunion please contact me and we will get the ball rolling ASAP.

I lived in Gerritsen Beach as a child and what a wonderful childhood it was. I am the daughter of George & Isabel Gundersen. We grew up at 36 Frank Court. My grandfather Jim Hayes had a houseboat on the creek in the 20's at the end of Gerritsen Avenue before the Belt was built. He also had at least 10 children. Isabel, Jim, Pat, Jule, Sis, Dick, to name a few, you might have grown up with them. This is such a nice. I have had a lot of nice memories reading it.

David, you may be a kid but you're smarter than a few adults I've known.

Getting involved in the community clean-up is a great first step in getting to know what's important in this world of ours.

Think about it, young man...had men like Lincoln, Washington, Jefferson and others stayed home and let somebody else do THEIR share of work in THEIR communities, as boys, we might not have all we do have today.

Be proud of yourself...and of the people who came from other places to help. You and they, are the people who make a difference in this world of ours.

Happy Belated St. Pat's Day to all of the great "Beachites". I just left a message on the guestbook regarding the reunion of 2001 in GB. I would love to come and assist in anyway I can to get this racket going. Bob Catherwood, I agree with George B. on making you the "Chairman". Of course we know that Janet will be doing all the work....only kidding. Let me know what I can do and when. Hi to Jimmy O'Hagen as I saw him on the site. Glad to know he is alive and kicking. I spoke to Matt Cody several weeks ago and relived our great past. I have been doing it with Eddie Reilly for the past few years and it was nice to hear some fresh news. Hey Vic P., how are you doing in CA? Jimmy F., great job on the story... Rich would be proud, as we all are of him. Let's get this reunion going folks, right Cappy? Since we aren't getting any younger. Best Regards to All of my "Beach Friends".

Just a suggestion to Marie, Jim and others re; a reunion. Whenever one expresses interest, it would be a good idea to include that on the Message Board under the Reunion topic which Bob Catherwood started. The reason being that the guestbook messages

get lost to view rather quickly. So, if you don't object, I'll include your latest as 'posted for' and that way we may begin to get an idea about who and how many, and then we can proceed to timing and location. The 75th Anniversary Reunion at Resurrection in Oct. '99 was a great success, BUT, it was all too brief. On the message board, I'm going to nominate Bob Catherwood to be Chairman of the Reunion, and I have already offered my time and services to help.

Great to see you as a guest, Alice! How did we manage to still be here walking this earth after filling our lungs with, "FLIT?" When we were kids, the mosquito was king of the summer. The little devil left Panama after the Canal's opening and headed for the new community of G.B. It was a nightly experience to light a bedroom lamp and see an army of malaria breeding mosquitos covering the ceiling! My job like yours Alice was to get the "Flit" gun loaded with DDT. I would close the bedroom door and flit away the carcinogen to kill the buggers and try to get a decent night's sleep! What was worse than a screaming mosquito dive bombing into your ear? Thanks to "Flit" I never had a mosquito enter my lungs and if they did cancer was awaiting them. I used about 10 gallons of the potent, lethal juice of death each week until their final scream around All Souls Day. Boy! I could use a shot of "Flit" right this minute to help me sleep this night through..."Quick Henry, The Flit!!!"

John Rudden, you brought laughter and fond memories as I read about your "garden". I lived at 115 Abbey Ct. back in 1943. Catherine Mahady lived at 109. She was such a fun friend and introduced me to many "adventures" at 8 yrs. old. Going across Gerritsen Ave. to find our tomato plants was the greatest. We had such a small yard but enough space for plants that yielded delicious tomatoes every year. I loved filling the can with Flit and spraying those critters eating my plants. Catherine and I would find blocks of cork floating in the Canal. She showed me how to make boats with the cork, some wood, hammer and nails found in her Fathers shed next to the house. Her Dads shed also had fishing supplies and poles. Off he would go on a Sat. Morn. - FISHING! Catherine and I learned how to smoke his corn cob pipe in or behind that shed. SMOKING - these days we are more educated and concerned about smoking. After 45yrs. of cigarettes I often kid about what will do me in? Rolling tobacco in the papers with that little gadget to make cigarettes for Mom and Dad to smoke and fill my lungs. (very young) Could it be the FLIT or, when the courts and streets in G. B. were being paved, the great smell of hot tar. It could even be the new hobby my brother Jim had, model planes. Remember the smell of the glue? But that was later when we moved to 2340 Knapp St.

The year was 1954, and as I recall, a young Marine and a beautiful young dancer went to Nathan's in Coney Island for hot dogs, french fries and a glass of beer foam. Diane Boulais was that beautiful young lady, and it amazed me that she did not put mustard on her hot dog.

My family, Bouley, lived at 42 Celeste Court from the early '30's til 1944 when we moved to 28 Dictum, where my mother lived til the early '70's. In the '30's my dad had a pool hall at the corner of Gerritsen and Everet downstairs from Dr Baronburg's. I believe it was also a speakeasy. I remember Pop telling me that old man Kennedy (yes Jack's father) used to bring liquor in at the End. My dad was Teddy Bouley, many called him Red. I spell my name differently (mother wanted me to have the french spelling la dee da). Thank you so much for having this wonderful site. It gives me much joy. Keep it up.

It is easier to read with friends who have better memories. Hey Victor, it has really been a long time. Vinny mentioned you went to CA some time ago. Eddie Davis Jr. how are

you? Too many names to mention here. This brings back a lot of great memories. Hope to hear from you all soon. Jim Fetter what a great story I am still laughing. We all remember the dances, hanging out at ther park, and endless hours of basketball, softball etc.

Well I finally had some time to read through all the entries of the guestbook. I want to say that "just like a fine wine" being on the site gets better with age. Hi to all of the many friends that I have had a chance to see in the guestbook; Bob Catherwood, the bowling at Ocean Recreation was great fun and yes you are right Bob about my family selling Christmas trees for many years at Ave. S & Nostrand. Drop me a line sometime. To Victor Pacilio...remember the "Park" and the dances at Resurrection, boy were they great. To Bobby Esposito, you played a real mean sax in those days Bobby. How is your brother Tommy (red headed italian) doing? To Rich Buehler, a lifer in the Army. Congrats, Rich, on your retirement. Anyone who can make 33 years in the service truly deserves the congrats. To Barbara Tolson, how in the world are you doing these days? I remember the great times we had at Resurrection...yeah right. Drop me a line and let me know what is going on in your lives. I'll try to do the same. I noticed a Carol Tietjen in the guestbook...are you related to a Kathy Tietjen? I know that Kathy had an older sister married to a Jim Kissane who lived over by Sheepshead Bay H.S. In any event, it was great reading about some of the people that were part of my younger years. Let's keep this site going forever.

Remembering back to the "kiddie Beach' at low tide and the great clamming there. Also the floundering around the sunken boat by the Sands. How many people out there caught the spirrings and used them for snapper fishing Or floated from pile to pile scooping crabs. Catching eels in the eel pots baited with broken up horseshoe crabs (conservation was unknown in those days and the were plentiful). Or the boxing matches in the fire house on Seba Ave. My Dad (Walter) used to coach the PAL team in a building on Garritsen Ave. Do any remember carrying out the coke (coal) ashes and putting them in the deepest hole. Or the wash water to the storm sewers so it wouldn't fill up the cesspool. This all happened regularly in the old section. How about the Hurricain that shut down most streets with falling trees.

Of Gerritsen Beach I remember many things but most of my memories are associated with the water. The stickball games on the dirt roads and the touch tackle games on the same roads. Fourth of July was a big thing down there. I remember four of us putting four cherry bombs under an agot pan. Around the corner came a police car and the pan blew up in the air landing on their hood. We ran like hell but when we looked back the cops were laughing so hard they were crying. The only thing they said to us was be careful and don't get hurt. We used to go down to the creek and bomb the community on the other side by shoving pipes in the ground dropping in a cherry bomb and then a rock. Acted like a mortar. No body got hurt though we probably should have. Most kids had the brains to get out of the way when firing the stuff.

How about the small fires during the summer where the neighbors used to gather round (the fire kept the skeeters away) and socialize into the night. The kids used to throw in potatoes and onions in the fire to roast them. Those are the days I miss. Close neighbors and better yet close friends.

I have thoroughly enjoyed the last few hours, reading about "The Beach". The only memories I truly cherish are the days I spent growing up there. I lived on Landis Ct.(old section)from '60 to '64. I had five sisters and three brothers. I currently live in Marion,IL(home of John Gotti)and have stayed in touch with some of the many friends I made while living in the beach. I will be actively looking at this site and hope to hear from more of the greatest people I have ever known. I was glad to hear about the story "On Frozen Pond", by Jimmy Fetter. Oh yes, I remember it well. I never thought that Victor Pacilio would end up in CA....not his style. Jimmy Cincola, a postal cop...who would have thought? Lastly, I was sorry to hear of the passing of Mr. Paul Eckleman. He was a great impersonator/singer of Al Jolson, during the Resurrection Jubilee stage shows, of which I participated. I believe that he had a son Paul Jr, who went to school with my younger brother Tommy Davis. In any event, this site is just indicative of why the people of "The Beach" were wonderful to know and be around, during the formidable years of growing up. Keep 'em coming.

CE-

I'm real sorry to hear about your dad. I'm only 14 and have never lived in GB but hear it's great.

Sounds like your dad is one of the people that made it so.

I've got to go and see what my couns is doing now.

Hope you have a Merry Christmas(or whatever you celebrate) and a good New Year.

Your GB friend,  
AMANDA S.=)

George, no satin bowling jacket, or shirt, not even a gold bowling pin.  
The visit with Gail & her family was very nice. We sat and talked over old times. They're own in Lompoc at their son's house.  
George I'm so sorry to hear about Francis Mitchell, he was such a nice person, and his wife Joan. May he rest in peace.  
Well George hope to hear from you soon, I'm sorry I missed you at Sam's when you were up this way.  
Happy Holidays.

We use to hit from the Civic Club, we played mostly pitch in stickball, and sometimes we did hit the spaulding or pennsy pinkie over the roof at the Tamaqua. We may have hit your car back then who knows laugh. We also played in the Tamaqua lot but it was too busy most of the time and we use to hit Mrs Benecke's house too much so we mostly played between Civic Club and the Tamaqua.

Hi June: Having Gail and her family for a visit should be enjoyable, and it will give you a chance to wear and show-off your new satin bowling league jacket. Be sure to take some pictures....

Rich theSchroeders lived on Melba Ct. I think. It was  
Eddie, Al and Marion. Marion married Charlie Strathern  
and Ed and Al married the Bernstens sisters. Do you  
remember?
